

Five ASM Prizes - The American Society for Microbiology (ASM) will award the five best works at Microbiotec'15, presented orally or in poster, with five new ASM memberships. The best two classifieds will also receive an eBook.

General conditions to participate:

1. The first author must be student or postdoc under the age of 35 years.
2. Those interested should apply by sending the abstracts (in PDF format) and the number of the poster or time of presentation to the email biotecpotentialmicropt@gmail.com up to 12h of December 10, 2015.
3. The applicants cannot be members of ASM.
4. The Jury for the ASM prize awards includes three renowned experts in microbiology.
5. The communication of the Jury's decision will be made by email up to 18h of December 11, 2015. Candidates have up to 20h of that day to confirm the email reception. If not confirmed, an email will be sent to candidates classified in the following places in accordance with the classification.
6. After confirming and validation of the email the winners should do the registration at <https://www.eventbrite.com/e/biotechnology-potential-of-microbiology-in-portugal-tickets-18691903988> as "ASM Member & MicroBiotec '15 Attendee".
7. The prize awards will be made in the closing ceremony of the event "The Biotechnological Potential of Microbiology in Portugal - Present and Future Challenges". The failure on the assignment will involve the non-delivery of the prize.
8. The Jury's decision will not be open to appeal.
